DETAILED ACTION

Election/Restriction

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

I. Claim 1, drawn to pull down or pop-up menu display on window, classified in class 345, subclass 810, 808, "Menu and Pop-up control".

II. Claims 2-3, drawn to upon writing characters in frames on a display screen classified in class 345, subclass 788, 764, "Layout modification (e.g., move or resize) and On-screen workspace or object".

III. Claim 4-7, drawn to upon selecting one of a plurality of selective radio buttons on a display screen by a calling point, classified in class 345, subclass 764, 840, "On-screen workspace or object and Using button array".

II The inventions are distinct, each from the other because of the following reasons:

Invention I drawn to pull down or pop-up menu display on window (claim 1), Invention II drawn to upon writing characters in frames on a display screen (claims 2-3), and Invention III drawn to upon selecting one of a plurality of selective radio buttons on a display screen by a calling (claims 4-7).

Art Unit: 2173

2. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions have different modes of operation.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognize divergent subject matter, restriction for examination purposes as indicated is proper.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).
